**Draft Report by Bircan Ünver, Executive Producer and Director of  
The Light Millennium TV Series**

**July 9, 2013**

## **LMTV-2013 DRAFT REPORT**

- 1) I've been posting LMTV programs onto Vimeo.Com website based on a newly finished/scheduled program since August 2011 as well as have been converting previous U-Matic (3inch) format programs into DV-Cam tape, on a DV, and also converting those time to time for the web. With that, in the below list, you will see according to Vimeo's uploaded date. Thus, old and new programs appear as if all have been produced since 2011.
- 2) There are also many more programs to be converted for the web, and I will continue to do so whenever I could along with other ongoing works and projects.
- 3) CITIZENS OF NOWHERE: Solution for the Stateless in the U.S. – I shot it at the location on Feb. 25, 2013. Its editing is completed and scheduled on both QPTV and MNN for July 10 and 12, 2013. Also, posted it to Vimeo.
- 4) There is one program to be edited with Ambassador Carlos E. Garcia Gonzales of El Salvador on Ciudad Mujer (City of Women). Other two programs “Ambassador Profiles: Millennium Development Goals of El Salvador” and “We are all in the same journey – on UN-GA Elderly Resolution” with Ambassador Garcia already were shown/re-run, and made available on the web, and promoted through social media.
- 5) LMTV's MNN schedule is not necessary same with QPTV. On MNN, I schedule more from the previously produced programs. Because we didn't have a series on MNN when those produced. We've expanded to MNN starting the first week of July 2012. For instance: I've scheduled twice in the 2013 the following programs: Crescent & Star, Overthrow and Reset – Presented by Stephen Kinzer. Also, 3 programs are with Sukru Server Aya, and 2 programs with Prof. Turkkaya Ataov also shown on MNN and re-run.
- 6) UNNGO PROFILES: WHERE IS THE HUMAN INTEREST... THE LIGHT MILLENNIUM LM as the UNNGO Profiles with five co-hosts shot in August 2012, produced as in two parts, shown both on QPTV and MNN in this year. Cora Fernandez transcribed the interviews of this program.
- 7) We've launched a sub-series on Freedom of Expression with Clifford Jacobs of Queens Public Television:
  - a) SHOULDN'T PUBLIC ACCESS TELEVISION BE AVAILABLE FOR ALL GLOBALLY?
  - b) PUBLIC ACCESS TELEVISION IN PERSPECTIVE – In both, featuring: Clifford JACOBS
- 8) We've launched a sub-series with Dr. Aysegul Durakoglu entitled: TURKISH-AMERICAN WOMEN PROFILES  
Also, profiled her Chamber orchestra: MUSICA MUNDANA/SOUND OF THE UNIVERSE - Featuring: Dr. AYSEGUL DURAKOGLU (2013)
- 8) Pioneer of the Millennium Development Goals: Ataturk – International Conference was shot 3 cameras. We were able to hire a seed crew with 3 cameras and \$800.00 cost based

on the obtained fund from the Ataturk Society of America. Recently, I am gathering related documents/files. Although we couldn't obtained any funds for its post-production, I will start its editing in this month.

9) LMTV is scheduled to shot 2 half hour program on Saturday, July 20, 2013:

a) Tentatively title: DON'T GIVE UP b) On Mrsa Disease

10) Except our web publication/posting, Internet announcements, and my own social media promotion, so far, there has not been anyone else, who can help us to expand the LMTV's reach out except in a very few occasions by Dr. Sebahattin Devecioglu and Isa Alemdag.

11) Some of LMTV interviews have been transcribing by Cora Fernandez with an overall goal to post them on the organization's website.

12) Beside Ataturk Society of America's \$800.00 media production support for the conference, there has not been any other funding or donation except my own contributions into the LMTV Series in terms of labor, time, skill and covering basic costs of each production.

13) For each studio shooting, I compensate one or two crew members, cover DVCam tape, per-dem, in some cases, transportation costs etc. The rest of the crew is obtained on the voluntary basis, and in return, I help to their shooting as well.
